Trios Health's mission is simple: Making Communities Healthier®. By creating places where people choose to come for healthcare, physicians want to practice and employees want to work, we are providing quality care close to home and investing in our region's overall well-being. Your support allows us to continue to enhance the many ways we serve and care for Kennewick and the surrounding region today and for generations to come. Thank you.

— John Solheim, MHA, FACHE, CEO

In 2019, we...

...added 56 providers, including telehealth and short-term providers

...made more than \$2.7 million in capital improvements

...distributed a payroll of \$88,450,793 to nearly 1,000 employees

...donated more than \$18.6 million in services to those in need

...paid \$11,130,397 in taxes

Inviting the best possible providers into our community and supporting them is essential to ensuring access to high quality care. This year, we added providers in neurosurgery, gastroenterology, family medicine and pediatrics.

By continually investing in our facilities, we're helping to ensure that we continue to meet our community's healthcare needs. This year, we invested in neurosurgical equipment, a new ureterscope for urology, a new breast imaging localizer system to improve breast surgery procedures and more.

We strive to create an environment where talent is recognized, job satisfaction is valued and our employees can effectively use their skills to provide high quality care and service.

Delivering care to all of our neighbors, regardless of their ability to pay, is foundational to our mission and our commitment to our community.

We are proud to be a leader in our region, and our dedication to ensuring fiscal responsibility extends both to our hospital and to our community.

Trios Health was proud to participate in community events with Lourdes Health.

Trios Health hosts Camp Trios, a day camp program for children with Type 1 Diabetes.

MAKING COMMUNITIES HEALTHIER

Charity care and other uncompensated care includes charity care, uninsured discounts and uncompensated care. Physician recruitment costs include recruitment costs and support of new physicians' initial practice establishment in the community. Payroll includes consolidated salaries, wages, benefits and contract labor costs. Capital investments include facility expansions/renovations, equipment purchases, technology replacement, information technology additions/updates and routine facility upkeep and maintenance. All references to "LifePoint," "LifePoint Health" or the "Company" used in this release refer to subsidiaries of LifePoint Health, Inc.

Trios Health is part of LifePoint Health®, a leading healthcare company dedicated to Making Communities Healthier®. Through its subsidiaries, it provides quality inpatient, outpatient and post-acute services close to home. LifePoint owns and operates community hospitals, regional health systems, physician practices, outpatient centers, and post-acute facilities in 29 states. It is the sole community healthcare provider in the majority of the non-urban communities it serves. More information about the company can be found at LifePointHealth.net.
